

DIRECTIONS TO OSS

HOW TO FIND US

BY CAR

The easiest way to find our location by car is to enter our Google Maps Plus Code: **HMQ+4X** into the search field, or search for "Oxford Space Systems Harwell". Please note that our postcode will not bring you directly to our building! Parking is free around the perimeter of our building, but space is limited. If you're unable to find a space, please use the overflow parking 🚗

BY TRAIN

Our nearest rail station is **Didcot Parkway**. Typical journey time from London Paddington is around 45 mins (no changes required). Train timetables and ticket pricing can be found online at www.thetrainline.com. From the railway station, there's two options to get to the Space Cluster at the Harwell Campus: TAXI or BUS

DIRECTIONS TO OSS

By Taxi

Didcot Parkway is around 15mins away by taxi. There's normally plenty of taxis at the station just to the right as you exit the main entrance in the large dedicated taxi rank. Simply ask the driver for the "Harwell Campus". They may even know us as the "Oxford Space Systems building".

By Bus

The X32/98 is a dedicated bus service from Didcot Parkway to the Harwell Campus. This stops in the overflow car park, alongside the Satellite Applications Building. See <https://www.thames-travel.co.uk/timetables-fares/> for timetables and fares.

HOTELS

The KINGSWELL

A very popular, local 'boutique' hotel that visitors often return to and only a 10 min taxi ride away from our office.

Book at <http://kingswell-hotel.com/>

Or call +44 (0) 1235 833 043.

Prices start at £115 per night.

RIDGEWAY HOUSE

One of the lowest cost options is on campus.

We advise calling them as there's no online booking option and response to email is often slow.

Book at +44 (0) 1235 445 500.

Prices start at £75 per night
